Respected sir,

**Subject: Request to depute a Resource person for training
Program regarding Management of Rugose Spiralling
White Fly on 18-10-2019 at 11.00 A.M**

With the reference to the subject cited above, Ramanagara District has good Potential in Coconut Production and Productivity with the cultivable area of 30248 ha. Recently Coconut growers of Ramanagara, Channapattna, Kanakapura and Magadi taluk are encountered with the infestation of Rugose Spiralling White Fly severly. In this regard Department has given the Press Statement for Coconut growers for control/manage of Rugose White fly infestation. Since we are organising the training/demonstration Programme on 18-10-2019 at 11.00 A.M in Coconut gardens of Sri.Narasimha Murthy, Hosur Village, Bidadi Hobli, Ramanagara District. Since I request you to depute Scientist /Resource person of your institution to give the technical information of control of above pest.

This is for your kind information and further needful.

Thanking you,

Yours Sincerely,

**Deputy Director of Horticulture
(ZP) Ramanagar District.**

Sub: Request for deputation of Dr Selvaraj, Scientist - Reg

Dear Sir,

I am Dr Loganandhan, Head, KVK, Tumkur. As you are aware, the spiralling whitefly pest is threatening coconut orchards in our region. Many farmers are suffering due to this problem. Hence, I kindly request you to depute your scientist Dr Selvaraj on 27th November 2020 to our KVK to conduct a demo on biocontrol measures (from your esteemed institute) to control this pest in this region. Thank you.

Sincerely Yours,

Sd/-
Loganandhan
