Dr.D.K.Yadava

Head

No.Brassica/BRL-II/2014/

Dated: 07.11.2014

OFFICE ORDER

A Bio-safety Research Level (BRL-II) trial on transgenic *Brassica juncea* – event bn 3.6 (barnase line), modbs2.99 (barstar line) and hybrid DMH-11 containing bar, barnase and barstar genes developed by Centre of Genetic Manipulation of crop Plants (CGMCP), University of Delhi South Campus, New Delhi has been allotted to IARI for the year 2014-15 after approval of GEAC conveyed vide Ministry of Environment and Forests & Climate Change letter No. File No.12013/35/2010/CS-III dated 21.08.2014 and subsequently the permission to conduct this trial vide letter No. File No.12013/35/2010/CS-III dated 07.11.2014. The sowing of this trial will be done on 08.11.2014 in Field No. Gen. F (opposite National Phytotron Facility) and keys of this transgenic testing facility will remain with the undersigned. Following scientists and technical staff already associated in *Brassica* improvement in-house programme will be associated in various activities of conductance of the BRL-II Trial of mustard also:

Sr. No.	Name & designation	Address	Activity to be taken
1.	Dr. Sujata Vasudev, Principal Scientist	Division of Genetics, ICAR-IARI, New Delhi-12	Planning, Quality analysis and pollen studies
2.	Dr. Naveen Singh, Senior Scientist	Division of Genetics, ICAR-IARI, New Delhi-12	Pollen and morphological traits studies & other observations
3.	Dr. D.S. Rana, Principal Scientist	Division of Agronomy, ICAR-IARI, New Delhi-12	Soil fertility and package of practices
4.	Dr. M.S. Yadav, Principal Scientist (NCIPM)	National Research Centre on Integrated Pest management, Pusa Campus, New Delhi-12	Pathological observations
5.	Dr. M.K. Dhillon, Senior Scientist	Division of Entomology, ICAR-IARI, New Delhi-12	Insect observations

Sh. Bhagwan Dass, Chief Technical Officer, Sh. Satish Chand Giri, Technical Officer and Sh. Mithilesh Narayan, Technical Assistant will be also be associated in day to day activities of conduct of this trial.
